SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In connection with the above-entitled matter, Applicants hereby proffer U.S. Patent Office Form PTO-1449, including copies of the non-U.S. Patent references listed therein. Applicants are not submitting copies of the U.S. Patents as the Office waived the requirement. Applicants wish to bring to the attention of the Patent Office additional art received in connection with a Search Report and Written Opinion in Applicants' corresponding PCT Application, a copy of which is attached for the convenience of the Examiner. The claims in the present application are believed to be patentably distinguished over these references.

This information disclosure statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR 1.56(A). No representation is made that the information thus disclosed in fact constitutes prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.

In compliance with the requirements of 37 CFR §1.98(a)(3), as a concise statement of relevance, as it is presently understood by the individual designated in 35 U.S.C. §1.56(c) most knowledgeable about the content of the information, the undersigned attorney of record submits a copy of the Search Report and Written Opinion by a foreign examiner in which the references were cited. The relevance to the pending U.S. patent application is that the references were cited in a foreign patent application on the same subject matter. However, no independent analysis of the references, the accuracy of the statement of the foreign examiner or the claims of the foreign application under the laws of the country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the translation of the foreign examiner's comments submitted herewith.

This Supplemental Information Disclosure Statement is being submitted within three months of the PCT Search Report and Written Opinion, as certified in the attached Certification for Information Disclosure Statement. In the event there are any fee deficiencies or additional fees are payable, please credit them, or credit any overpayment, to our Deposit Account No. 08-1391.

Respectfully submitted,
